

DANGEROUS GOODS

**CONTAINER
RELOCATIONS**
PH 0800 00 55 55

Container Relocations cannot transport any items classified as Dangerous Goods under the NZTA Land Transport Rule: Dangerous Goods 2005.

Dangerous Goods are items with explosive, flammable, toxic, infectious, corrosive, or environmentally hazardous properties. These items are usually marked with a diamond-shaped warning label showing their hazard class.

Some examples of common household items classed as Dangerous Goods, are:

Cleaning
Chemicals

Fireworks

Gas Bottles

Aerosol cans

Lithium
Batteries

Fire
Extinguishers

Scuba tanks

Petrol

Ammunition

Spa or Pool
Chlorine

Methylated
Spirits

Matches

Pesticides &
Garden
Chemicals

Please remove any dangerous goods from your inventory and arrange alternative transport for them. Also ensure all organic matter—such as perishable foods, compost, animal skins, or any items that may rot or emit odor—is excluded
